Dear ~~Mrs. Huber~~ Verna:

On behalf of Centralia College and the Heritage Committee of this College, I wish to thank you for the donation you have made.

We believe that preserving our heritage is a vital issue. We want those who come after us to know something of the past, the foundations upon which we have built our successes. You are helping us to do that.

At the appropriate time, the Heritage Committee will place some of the documents of your husband's in one of our display cases in which are located around the campus. They will be on display for all to see.

I am also returning the newspaper clipping of the group photo which was in the materials you left.

Again, thank you very much.

Sincerely,

Don Frey
Assistant to the President

STUDENT'S HEALTH

All students on entering the University for the first time are required to present themselves for physical examination. Failure to be examined constitutes a delinquency on the records. Re-registration is refused until examination requirements are complied with.

The University seeks to maintain the best sanitary and hygienic conditions. Care is directed to the purity of water and food supply, sanitary conditions of buildings and housing facilities, prevention of contagious diseases, and restraining students from doing things for which they are physically disqualified. Every student is requested to report promptly any illness to the University Health Service. Upon this notice, the case is investigated and a class readmission slip issued. Students must not reenter classes after being ill, without permission from the medical officer. The infirmary will care for cases of ordinary illness.

The Dean of Women and Men's Personnel Office respectively keeps lists of approved boarding and rooming places. Students should not live in places that have not been inspected and approved.

TO PARENTS

Reports are issued to high school students at the end of each six weeks period. Please examine the report carefully and require explanation of any seemingly unsatisfactory grade. Please do not delay signing because grades should happen to be low. Your signature is merely to indicate that you have received the report. If you do not receive reports regularly call up the school and inquire. Students may obtain information as to their standing by inquiring of the teacher at any time. Poor work slips are sent home occasionally if students are failing in their work.

Grades of A range from 95 to 100; B, 89 to 94; C, 80 to 88; D, 75 to 79; and F, 75 or below.

Our plan of grading is that adopted by Superintendents and Principals of Southwest Washington, April 1926.

C is the grade given to the average student. Only a few are rated A and only a few students in C. H. S. receive F.

Special attention is called to the serious consequences of irregular attendance. The loss of even a portion of a school session is often a serious interruption, not only for that day but for the day following. Absence is the chief cause of failure.

Regular study habits are essential in school or other work. Parties and other social indulgences resulting in evenings during the week being spent away from home, and in the loss of sleep and loss of study time, are contrary to the best interests and spirit of the school.

The School seeks to co-operate with the home and parents toward possible improvement in the character and habits of students. Cleanliness of mind and body is of the first importance. The use of tobacco, vulgarity and profanity is prohibited by the State Board. Thrift on the part of boys and girls should be encouraged.

Parents are cordially invited to visit classes and confer with the principal or teachers at any time.

Respectfully Yours,
C. L. Littel, Superintendent
